SUMMARY

Currently pursuing a B.S. in Data Science from IIT Madras and a B.Sc. in Mathematics from Central University of Jharkhand. Skilled in Python, SQL, data analysis, and machine learning, with hands-on experience building projects such as employee attrition prediction and a hospital management system. Looking for opportunities to apply my technical skills, learn from industry professionals, and contribute to real-world projects.

EDUCATION

Indian Institute of Technology, Madras

B.S. in Data Science and Applications -

05 2023 – Present

Chennai, India

Central University of Jharkhand

B.Sc. Mathematics -

08 2023 – Present

Ranchi, India

SKILLS

Programming: Python, Java, SQL

Machine Learning: Scikit-Learn, XGBoost, LightGBM, Feature Engineering, Model Evaluation, Neural Networks

Deep Learning: PyTorch, Torchvision

Data Science: Pandas, NumPy, Matplotlib, Seaborn, Power BI

Web & APIs: Flask, FastAPI, REST APIs, Vue.js, React

Databases: PostgreSQL, MySQL

Tools: Git, GitHub, Linux, Docker, Jupyter Notebook

Cloud & MLOps: AWS (S3, EC2), MLflow

SOFT SKILLS

- Problem Solving
- Analytical Thinking
- Communication
- Self Learning Ability

PROJECTS

Employee Attrition Prediction [↗](#) | Python, Pandas, Scikit-learn, Streamlit

- An ML-powered dashboard to predict employee attrition and highlight key risk factors.
- Used XGBoost and HR data to identify high-risk employees and support smarter decisions
- Developed Streamlit app for real-time analysis and decision support
- Link to live App [↗](#)

Hospital Management System [↗](#) | Flask, Vue.js

- A full-stack hospital management system with role-based access
- Built REST APIs using Flask and frontend using Vue.js
- Designed database system for appointments and patient records

Academic Projects | Some ML Related Academic Projects

- Built classification model for comment category prediction [↗](#)
- Developed regression model for taxi fare prediction [↗](#)
- Performed classification on mushroom dataset [↗](#)
- Conducted sentiment analysis on movie reviews dataset [↗](#)

EXTRACURRICULAR

Veritas Oratory Club IITM [↗](#)

Role

- Led WebOps team and managed technical infrastructure.
- Collaborated with team to improve system performance.
- Certificate of Participation [↗](#)
